CONTAINS 960g/L METHYLENE CHLORIDE 240g/L METHANOL

FLAMMABLE LIQUID,
N.O.S, UN 1992

Noble Earth Technologies 'Graffiti Remove' is used for the removal of all graffiti and it effectively removes spray pack paints, texta colours, pens etc.

DIRECTIONS FOR USE: Noble Earth Technologies 'Graffiti Remove' is best applied by spray method. Direct the spray at the graffiti with force. The jet spray application allows for total penetration, thus, dissolving the graffiti instantly. 'Graffiti Remove' rapidly evaporates and liberal amounts should be applied to allow for the total coverage of graffiti.

Caution should be taken when removing graffiti from painted surfaces. It is recommended that you wear protective gloves and then soak a cloth in Noble Earth Technologies 'Graffiti Remove'. Wipe graffiti from the painted surface and then rinse the surface with water.

SAFETY DIRECTIONS: Vapour is harmful to health if there is prolonged exposure. This product forms a dangerous gas when near radiators or naked flames. Avoid contact with eyes and skin. Avoid breathing vapour or spray mist. No smoking.

FIRST AID: If poisoning occurs, contact a Poisons Information Centre (phone 13 11 26 from anywhere in Australia) or a doctor. If swallowed, do NOT induce vomiting. Give a glass of water, avoid giving milk or oils. Avoid giving alcohol. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. Remove from contaminated area. Apply artificial respiration if not breathing. If in eyes, open and flood with water for at least 15 minutes and seek medical attention.
